Hi,  
  
The trailing mail is the evidence we are apportioning the payroll cost to the projects.  
  
We have taking the employee list who are working for project, taking the cost from HR, and apportioning the same to the project.  
  
Regards  
Siva

Subject: RE: Projects team- Data - Salaries apportionment to Topcon Project

Reviewed. Rushi has provided salary details for all entities. Please bifurcate them entity-wise. Based on the allocation, we need to capitalize accordingly.  
For PEPPL employees, salaries are booked to the payroll GL; capitalization should be done based on the apportionment. Kindly maintain detailed workings along with the allocation basis for audit documentation

I had asked you to check how the debt funds have been utilized for Plant & Machinery. You can obtain this information from the IREDA grouping.
